PUNEET KOTHAPA

FOSTERING ALL-INCLUSIVE BRILLIANCE IN YOUNG MINDS

Having started his career as a chartered accountant in a reputed advisory firm, Puneet Kothapa is currently heading the administrative and finance divisions of Narayana Group of Educational Institutions. His ability to handle multiple roles effectively with precise planning and coordination has enabled him in performing his responsibilities quite efficiently, steering the group to newer heights

COMMITTED TO EXCEPTIONAL EXCELLENCE

A highly determined and devoted multi-skilled leader, Puneet Kothapa has been responsible for devising key strategies, business expansions, new initiatives, digital technology, finance and supply chain management for Narayana Group of Educational Institutions. This stalwart leads specialised divisions of real estate, technology, human resources, service delivery and brand management, and also leads Narayana Group's coaching centre business in nine states all around India for test preparation segment.

This far-sighted strategist mainly emphasises on different national- and state-level competitive examinations including the IIT-JEE, AIEEE, AIPMT, and state-level engineering and medical entrance tests. A dynamic business professional, he is committed to nurture every student of Narayana Group of Educational Institutions by providing them with strong educational foundation to equip them with the required skill to play a decisive responsibility in their professional career and inculcate a social temperament to better serve the society and humanity.

Kothapa constantly devises innovative strategies and upgrades the teaching method and necessary infrastructure keeping in view the ever-evolving and global nature of education in the 21st century, reinventing the institution with the ultimate objective of building an exceptional and enriching educational environment for students. Kothapa ensures that students are imparted scientific education in such a way so as to develop in them a natural tenacity to

grasp academic fundamentals, absorbing its essence and to adopt a practical approach in solving complex issues in a precise manner.

NURTURING SCIENTIFIC AND CONCEPTUAL PERSPECTIVES

Kothapa's opinion on quality education is that it is necessary to acquire extensive theoretical knowledge and comprehensive practical application to gain mastery in any discipline. This academic stalwart provides his students a conducive education environment, expert faculty and infrastructure to impart deep-rooted understanding of science, and develop in them the correct conceptual perspective. He also ensures that the institution's graduate and postgraduate programmes with educational experts as faculty in Engineering, Medicine and Management offer hands-on experience and collaborative research prospects to take on the real-world challenges.

Kothapa also ensures that the institution's ultramodern laboratories and libraries provide all the necessary apparatus and content to prepare the students in gaining a sharp acumen, a scientific as well as entrepreneurial spirit, a sense of responsibility and all-inclusive professional expertise to emerge successful in their preferred career.

Kothapa believes that inculcating a sense of courage, perseverance,

generosity and discipline in a student helps him or her in becoming a thorough professional, a better human being, and an asset to the society and the nation. The same is also the fundamental principle of training the civil service aspirants for civil services, instilling in them these virtues and constantly enhancing the virtues along with comprehensive knowledge of state and international affairs, as well as subject domain for sure success in union and state public services examinations.

“He believes that inculcating a sense of courage & discipline in a student helps him/her in becoming a thorough professional, a better human being, and an asset to the nation”
