NARAYANA

One of the Asia's Largest Educational Institutions

The NARAYANA Group is one of Asia's Largest Educational conglomerates where over 50,000 + teaching and non-teaching faculty provide world class education for more than 6,00,000+ students. Spread across 17 states in India, the NARAYANA family is home to a flourishing academia with 250 schools, 400 junior colleges and 25 professional colleges. We also run full fledged institutes for Civil Services, Coaching Centers and Correspondence Courses to address the vocational goals of career-oriented students.

Today, the NARAYANA Group stands tall and proud for setting path breaking benchmarks in academic excellence. Four decades of experience in fulfilling the aspirations of India's students has given us conviction and confidence to aim higher and bigger always. Our students are known world over for making great strides in intra-national and international competitive examinations and clinching success with top-notch results.

The NARAYANA family is committed to bringing out the best in every student by imparting a strong educational foundation. Given the dynamic and global nature of education in the 21st century, we are constantly working hard and reinventing our selves with the ultimate goal of creating exceptional and enriching.

Founder
Narayana Group
Dr. P. Narayana

Education empowers an individual to make right choices. Right choices in life leads to success, happiness and satisfaction.

As an educationist, I believe in empowering students to choose and create a life they want to live and hence making society better for all. Right education at the right time can make a student achieve anything they want to.

Narayana's courses have been re-designed to suit the changing times, temperament of students and needs of the gripping syllabus.

Our courses cater to all the needs of the aspirants to help them to excel in various competitive as well as Board examinations. Innovative strategies and techniques adopted in our centres, keep our students abreast of the ever-changing pattern of top level Engineering/Medical Entrance Exams. As a result, Narayana's time-tested learning formulae are percolating to far-flung areas of India to benefit students from all backgrounds.

"Our goal is to empower you to fulfill your dreams". Today we rededicate more than four decades of our success to enrich and realize your dreams. I wish all our students a very successful academic year ahead.

Determination, Progress and Service

The NARAYANA Group is committed to instill well-rounded academic rigor and imbue the zeal for competition so that one's course of action can lead them to reach the zenith of success meaningfully.

Determination

We are an institution who believe in constantly attempting to achieve both short-term objectives and long-term goals in balanced measure. The NARAYANA Group strongly emphasizes the true nature of determination in pursuit of the most tangible forms of academic success.

Progress

In realizing our mission, we hold the necessity of progress as paramount. Our direction is futuristic and transitional. We believe this forward sightedness plays an instrumental role for any institution to stand firm ground.

Service

To march forward persistently, one's journey must be laden with purpose. The NARAYANA Group shall continue to utilize material and intellectual resources and evolve a social temperament in the name of service to the nation and humanity at large.

Academic Rigour

To help develop a natural tenacity to grasp academic concepts, master its content, experiment with methodology and apply complex approaches in a meticulous manner.

Zeal of Competition

We encourage individuals to test scientific knowledge and the extent of its application in the real world, thereby inculcating a competitive spirit that helps one adapt to contemporary challenges.

Zenith of Success

We strive towards achieving the highest peaks there can be in the field of education by addressing aspirations of the hour and career ambitions of the day.

ABOUT NARAYANA'S SCHOLASTIC APTITUDE TEST (NSAT)

We at NARAYANA IIT/NEET Academy, known for our academic excellence and Scientific & Systematic approach, had introduced NARAYANA's Scholastic Aptitude Test (NSAT) for Classes V to XII students in the year 2007. Our meritorious and focused students of previous years believed that they could have performed better had they started early. They felt, a timely exposure would have helped them to adjust, to understand and to move smoothly with school curriculum and preparation for competitive examinations simultaneously. Based on their feedback NSAT was launched. NSAT, as the name suggests, is a test of mental ability and scholastic aptitude. NSAT-2020 will be held between 28th October and 10th November 2020.

NSAT enhances creativity & reasoning skills and measures intellectual ability related to important concepts of Science & Mathematics within the prescribed syllabus of their respective classes. NSAT not only helps students to assess, analyze and rate themselves among the students of other schools, but also it orients and provides early exposure of competitive world they will have to face in near future. Problems (questions) taken up in NSAT are test of understanding rather than mere cramming.

To support and encourage the meritorious students, NARAYANA will also award Cash Prizes and Scholarships to selective students of all categories.

UNIQUE AND EXCLUSIVE TEACHING METHODOLOGY

Experienced Renowned Faculty (with Proven Track Record): Narayana believes in delivering the best to its students without compromising on quality. Thus, to extend best academic support for successful career of our students we have a huge team comprising of more than 50000 staff & faculty members of required subjects for catering the academic needs of the students. Our most sought after and experienced team of faculty members is the envy of our competitors.

Common Practice Test (CPT) : It is a weekly test conducted all over India among Narayana students. It gives students a unique opportunity to perform weekly and judge their rank among the real JEE/NEET aspirants. It is the life line of every programme offered by Narayana Group of Educational Institutions. Besides keeping the students competitive and motivated, it helps them to realize their full potential. After taking several CPTs students become so confident and prepared, it make them help to appear in JEE/NEET paper easier.

Special Doubt Clearing Cell (SDCC): This is a platform to provide an opportunity for students to get their doubts cleared for all the subjects. A special team of faculty is available on all working days between specified timings to clear the doubts of students.

Micro Level Analysis: This computerized question-wise analysis, highlights the weak as well as the strong areas in the students learning process. It points the way to effective preparation in the future and guide the student which topic and subject requires how much attention. For every question in the objective-type test, the student will be informed about error report with analysis.

Macro-level Analysis : This analysis compares the student's performance with other students across the country. It indicates his/her overall position as well as subject-wise position amongst all the students participating across India.

Concepts, Definitions & Formulae (CDF): This feature has been added to assess the recapitulation of the concepts, definitions & formulae (CDF), so that students can cope up well with their school preparation and competitive exams with out any hassle. This will also eliminate the need of the requirements of extra tuition.
